## Hydrosys Project Reference Summary

<table>
<thead>
<tr>
<th>Project Title</th>
<th>Client</th>
<th>Description</th>
<th>Scope of Work</th>
</tr>
</thead>
</table>
| Nyamabuye    | Elemental Energy Ltd. Kisoro, Uganda 2014-to-date | 7MW Hydropower project | • Project Management and Owners Engineer  
• Project Studies Review  
• Optimization and Energy Model  
• Preparation of EPC packages for tendering  
• Contracts Awards  
• Project Cost and Schedule Review |
| Curraj        | Telemenia-Curraj Sh.p.k., Curraj, Albania 2014-to-date | 105MW Hydropower project | • Project Review  
• Optimization Options  
• Energy Generation Validation  
• Preparation of EPC packages for tendering  
• Contracts Awards  
• Project Cost and Schedule Review |
| South River   | Town of South River Ontario, Canada 2006-2010 | 800kW Hydropower project | • Feasibility analysis  
• Environmental Assessment  
• Regulatory Authorizations and Permits Approval  
• Preliminary and Final Design Construction (2008-2009) and Construction Management |
| Thomas Low    | Renfrew Power Ontario, Canada 2008 – to-date | 4MW Hydropower project | • Feasibility analysis  
• Preliminary Design  
• Environmental Studies  
• Dam Safety Assessment  
• Dam Rehabilitation Detailed Design  
• Engineering Summary Report  
• Detailed engineering for construction  
• Site Supervision and Construction Management |
| Khudi         | LEDCO Khudi River, Nepal 2000-2003 | 4000kW Hydropower project | • Feasibility analysis and preliminary design for construction |
| La Florida    | ATDER-BL, Nicaragua 2010 | 3MW Hydropower project | • Detailed Dam Construction Engineering  
• Coanda intake for the project |
